

CONDITIONS OF SALE AND NON-WARRANTY

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs or Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. PTY. LTD.

PRICES AND QUANTITY RATES.

All quotations (whether by letter or printed Price List) are subject to prior sale and to prompt reply, otherwise to market fluctuations and to change without notice. If price is reduced between quotation and receipt of order, the lower rate is charged. The reductions in rates shown in this List for specified larger quantities apply only when the respective quantity is ordered at the one time and for the one delivery. Attention is directed to the following explanation of the dagger sign (†) and dash sign (—) which appear in the column prices. For those quantities which are not priced, but are marked with a dagger (†) we invite applications for special quotations which will be sent by return mail, and which will, in most cases, show a concession on the prices quoted in this List. These concession rates will be of special interest to large quantity buyers. The dash mark (—) appearing in the price columns is intended to indicate that at time of going to press we are unable to quote definitely for the quantities so marked, but on receipt of special enquiries, we will gladly furnish latest information as to further supplies, and, if possible, make forward quotations.

FORWARDING.

All lines on this sheet are quoted nett, f.o.r. or f.o.b. Sydney and we deliver seeds to rail or wharf Sydney, after which goods are on customer's account and at his risk. Orders sent by goods train are consigned Carriage Forward (except to unattended platforms) unless we are instructed at time of order. Orders sent by steamer, passenger train or to unattended platforms per goods train must be prepaid and the approximate value of freight should be included with remittance.

SUBSTITUTING.

On account of the difficulty in obtaining full supplies of many lines, and the failures of crops of others, we may, if unable to supply the exact variety ordered, substitute for it some other variety of a similar nature, which will, in our opinion, give satisfactory results.

If this is not desired, please mark order clearly: "DO NOT SUBSTITUTE."

TERMS.

Our terms are strictly prompt nett cash, and orders should be accompanied by remittance for the approximate amount of the order (including freight if the goods are required by coastal steamer or passenger train, or if to be consigned to unattended platforms). When buyers have established an approved account with us, or if satisfactory Sydney business references are given, we will charge to customer's account on the understanding that customers remit promptly on receipt of invoice. When remitting, please add exchange to country cheques.

For meaning of daggers (†) and dashes (—) in price columns, see special note at top of Page 2 in reference to Prices and Quantity Rates.

MANURES AND FERTILIZERS.—For the convenience of gardeners we carry a good range of Manures and Fertilizers. See Yates' Annual. Large users are well catered for by the local agents of the Fertilizer Manufacturers.

10. PEAS AND BEANS FOR MARKET AND COMMERCIAL GROWERS

As far as possible, all Beans are from cool districts and are carefully machine dressed and tested for germination and strain. While every endeavour is being made by us to minimise Bacterial Blight, we find it impossible to guarantee freedom from same. Packed in 1 bushel bags nett weight, bags free.

N.B.—For prices of quantities of less than ¼ bushel lots, see Vegetable Seed Section on page 7.

Prices: Per lb., 1/3; 2 lb. cartons, 2/3; 7 lb. bags, 6/6; 56 lb. cases, 46/8.

FOR MARKET GARDENERS, NURSERYMEN and ALL COMMERCIAL GROWERS OF VEGETABLES FOR MARKET, CUT FLOWERS and SEEDLINGS

CONDITIONS OF SALE AND NON-WARRANTY.

We believe that all Seeds Bulbs and Roots sold by us are of the description and kind specified by us at the time of sale but owing to the practical impossibility in many cases of being certain of this we give no undertaking that such Seeds Bulbs or Roots will correspond with the description under which they are sold and we make all sales subject to this condition. We further give no warranty expressed or implied as to their growth description quality or productiveness and will not be in any way responsible for the crop. If the purchaser does not accept the goods sold to him on these terms they are at once to be returned to us and any money paid to us will be refunded.

ARTHUR YATES & CO. PTY. LTD.

PRICES AND QUANTITY RATES.

All quotations (whether by letter or printed price list) are subject to prior sale and to prompt reply otherwise to market fluctuations and to change without notice. If price is reduced between quotation and receipt of order the lower rate is charged. The reductions in rates shown in this list for specified larger quantities apply only when the respective quantity is ordered at the one time and for the one delivery. Attention is directed to the following explanation of the dagger signs (†) and dash signs (—) which appear in the column prices. For those quantities which are not priced but are marked with a dagger (†) we invite applications for special quotations which will be sent by return mail and which will in most cases show a concession on the prices quoted in this list. These concession rates will be of special interest to large quantity buyers. The dash mark (—) appearing in the price columns is intended to indicate that at time of going to press we are unable to quote definitely for the quantities so marked but on receipt of special enquiries we will gladly furnish latest information as to further supplies and if possible, make forward quotations.

Customers will please note that we do not execute orders in bulk, i.e., by weight, to a value below 1/- per item of any vegetable seeds. When a customer orders a quantity which is less in value (as per Price List) than the 1/- minimum, we will send our standard packets (priced in 6d. and 3d. sizes) to the nearest of value customer indicates; except in the case of the cheaper seeds (not quoted in oz. lots), such as Parsnip, Radish, Spinach, Sweet Corn, some varieties of Turnip and Swede Turnip, etc. In these cases we will send a quantity to value 1/- (as per Price List) asking customer to remit any balance owing on the transaction. Please carefully write "oz." or "ozs." and "lb." or "lbs." to avoid confusion with "doz." and other common abbreviations.

DELIVERY AND CARRIAGE CHARGES.

Delivery of all seeds, plants and roots sold by us is made at the Post Office, the Railway, or the shipping wharf at Sydney, N.S.W. Carriage or postal charges are free and are pre-paid by us on all Bulk Vegetable and Flower Seeds (except Beans, Peas and Mushroom Spawn, which are carriage extra). When goods are quoted carriage free we pay all ordinary carriage charges, but if it is requested that goods be sent by other than cheapest method all extra charges entailed are payable by the customer. All bags and containers are free in quotations on this page unless in exceptional cases some special and unusual type of packing is required. In the case of Beans or Peas where carriage is extra customers are reminded that as nett weights are sold postage should be allowed for a slightly greater weight than the quantity ordered to allow for containers and packing.

TERMS OF PAYMENT.

Where supplies are obtained through any Yates' Distributors terms are as quoted by them. In all transactions direct with us our terms are nett cash with order (including freight where chargeable) except where customer has an approved account with us or when a satisfactory Sydney business reference is given when ordering, in which cases payment is due on receipt of invoice. When remitting please keep a record of the numbers of any postal notes sent and do not include notes or coins except in registered letters. Country cheques should include exchange.

SUBSTITUTING.

On account of the difficulty in obtaining full supplies of many lines, and the failures of crops of others, we may, if unable to supply the exact variety ordered, substitute for it some other variety of a similar nature, which will, in our opinion, give satisfactory results. In this is not desired, please mark order clearly: "DO NOT SUBSTITUTE."

Commercial Flower Growers will now be ordering their main requirements for late summer and early autumn planting, and we therefore include in this List most of the more important sorts which will now be of interest to Flower Growers. Our space is naturally limited, and we have had to leave out varieties of lesser importance, but customers will greatly oblige by sending us their enquiries for all varieties, whether listed herein or not, and we will be glad to give prompt quotations by return of mail. Our new publication entitled "Yates' Seasonal Flower Notes and Trial Ground Observations" is causing widespread interest amongst commercial growers, and we will be pleased to post copies to all bona-fide growers on receipt of their names.
